Maybe even better than free.

Our service is completely free for everyone. Just upload the file you want to share with your friends and we send you a download link to your file. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. So try our free and simple filehosting service now. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Thecost of that data transfer is covered by your internet service or the data plan on your phone. Your wallet will be none-the-lighter! Just so we're all 100% clearhere: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. You cangive this download link to your friends by mail or instant messenger. filehosting provides an easy possibility for you to send large files to your friends. Noaccount or credit card is required to get started. You can upload any type of file (movies, music, documents, images, zip files and more). Keep your filesprivate, or send your download links only to friends or family. Using file, you can circumvent those limits without paying to upgrade your team chat service.File is free to use with no gotchas and no hidden fees. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Thereare no restrictions on the number of times a file can be downloaded. Files can be downloaded from any computer from our high speed servers. You decide whoyou want to share your files with. Unfortunately, we can't make that part free. Simply upload your file and share the link. Files transferred the old-fashionedway tend to pile up and be forgotten about, eventually costing you money in data storage fees. It is also allowed to link to the download page from websites andcommunities. If only we could, we surely would! On the other hand, using file can actually save you money. We have no file size limit. Alternatively you canchoose to share your download links on blogs, forums and social networking sites. You don't need any special software installed to be able to download yourfiles. Any file in any format can be uploaded and downloaded for free.
