Maybe even better than free.

There are no restrictions on the number of times a file can be downloaded. Files can be downloaded from any computer from our high speed servers. Simply upload your file and share the link. You can upload any type of file (movies, music, documents, images, zip files and more). You don't need any specialsoftware installed to be able to download your files. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Files transferredthe old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. filehosting provides an easy possibility for youto send large files to your friends. Alternatively you can choose to share your download links on blogs, forums and social networking sites. Our service iscompletely free for everyone. So try our free and simple filehosting service now. You decide who you want to share your files with. No account or credit card isrequired to get started. Using file, you can circumvent those limits without paying to upgrade your team chat service. Why pay storage fees for a file that youjust wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Your wallet willbe none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, thenfrom our servers to your friends device. If only we could, we surely would! On the other hand, using file can actually save you money. Keep your files private,or send your download links only to friends or family. The cost of that data transfer is covered by your internet service or the data plan on your phone.Unfortunately, we can't make that part free. Just upload the file you want to share with your friends and we send you a download link to your file. When youuse file, you avoid storing the file you're sending in your cloud storage or mail server. You can give this download link to your friends by mail or instantmessenger. Any file in any format can be uploaded and downloaded for free. We have no file size limit. It is also allowed to link to the download page fromwebsites and communities. File is free to use with no gotchas and no hidden fees.
