Maybe even better than free.

No account or credit card is required to get started. Our service is completely free for everyone. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. You can give this download link to your friends by mail or instant messenger. You decide who you want to share your files with. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within theirapps. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phoneand our servers, then from our servers to your friends device. Unfortunately, we can't make that part free. Any file in any format can be uploaded anddownloaded for free. Simply upload your file and share the link. You don't need any special software installed to be able to download your files. filehostingprovides an easy possibility for you to send large files to your friends. There are no restrictions on the number of times a file can be downloaded. So try our freeand simple filehosting service now. You can upload any type of file (movies, music, documents, images, zip files and more). Alternatively you can choose toshare your download links on blogs, forums and social networking sites. If only we could, we surely would! On the other hand, using file can actually save youmoney. It is also allowed to link to the download page from websites and communities. Just upload the file you want to share with your friends and we send youa download link to your file. Using file, you can circumvent those limits without paying to upgrade your team chat service. Files can be downloaded from anycomputer from our high speed servers. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. Keep your files private, or sendyour download links only to friends or family. The cost of that data transfer is covered by your internet service or the data plan on your phone. We have no filesize limit. File is free to use with no gotchas and no hidden fees.
