[Updated : Friday 11 June 2021](#)

Maybe even better than free.

Simply upload your file and share the link. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. You can give thisdownload link to your friends by mail or instant messenger. So try our free and simple filehosting service now. Our service is completely free for everyone. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. filehosting provides an easy possibility for you to send largefiles to your friends. The cost of that data transfer is covered by your internet service or the data plan on your phone. No account or credit card is required to getstarted. You can upload any type of file (movies, music, documents, images, zip files and more). Any file in any format can be uploaded and downloaded forfree. Unfortunately, we can't make that part free. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you moneyin data storage fees. We have no file size limit. Files can be downloaded from any computer from our high speed servers. You decide who you want to shareyour files with. You don't need any special software installed to be able to download your files. Alternatively you can choose to share your download links onblogs, forums and social networking sites. File is free to use with no gotchas and no hidden fees. Just upload the file you want to share with your friends and wesend you a download link to your file. There are no restrictions on the number of times a file can be downloaded. Keep your files private, or send yourdownload links only to friends or family. If only we could, we surely would! On the other hand, using file can actually save you money. Your wallet will benone-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then fromour servers to your friends device. It is also allowed to link to the download page from websites and communities. Using file, you can circumvent those limits without paying to upgrade your team chat service. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps.
