One exceptional depiction in this period was the character of child murderer Hans Beckert (Peter Lorre) in the 1931 Fritz Lang film M. Freedman, The Journal of American History, Vol. East, Jon, television director. Rheinbeck, New York: Narcissus Publishing. However, Bateman also exhibits signs of psychosis such as hallucinations, and as such appears to be an unreliable narrator; it is left ambiguous whether Bateman is actually a serial killer, or is merely hallucinating about committing murder.[31][32] In Ellis' 1998 novel Glamorama which features models-turned-terrorists a character also remarks "basically, everyone was a sociopath...and all the girls' hair was chignoned." In the 1993 book Girl, Interrupted and its 1999 film adaptation, the character of Lisa (played by Angelina Jolie in the film) is a rebellious, antisocial young woman who is diagnosed as a sociopath.[33] However, it is left ambiguous whether that diagnosis is accurate. The character may be identified as a diagnosed/assessed psychopath or sociopath within the fictional work itself, or by its creator when discussing their intentions with the work, which might be distinguished from opinions of audiences or critics based only on a character appearing to show traits or behaviors associated with an undefined popular stereotype of psychopathy. Comer, Jodie, actor. J.; Lilienfeld, S. However, writer and director Terrence Malick has said he considered Kit's shallow, bitter insensitivity to be a result of suffering and neglect growing up in the Midwest, and 15-year-old Holly, though immature and mis-estimating her audience, to be a quite typical Southern girl wanting to help narrate and come off well but still give the hard facts, and not dwell on herself or on personal tragedies. [23][24] The increasing media focus of serial killers in the late 20th century, fueled by cases such as John Wayne Gacy (1978), Ted Bundy (1978) and Jeffrey Dahmer (1991), lent an additional momentum to the way psychopathy was both perceived and portrayed in film and literature, sometimes incorporating a hybrid of traditional psychopaths from early film and late-19th century literature with the high-functioning behaviors detected in some serial killers. [25][26] The psychiatrist and cannibalistic serial killer Hannibal Lecter, most notably portrayed by Anthony Hopkins in the Academy Award-winning 1991 film The Silence of the Lambs, is perhaps the most infamous fictional psychopathology and Behavioral Assessment. Ironically, the main authority figure in the hospital—the cold, sadistic Nurse Ratched—was later described as a psychopath under later understandings of the term.[18] American mystery author Patricia Highsmith often featured psychopathic characters in her books, most notably her Ripliad series about Tom Ripley, a "suave, agreeable and utterly amoral" con artist and serial killer. 'Psychopaths' began to appear in vaudevilles, ditties (songs) and press articles. Lecter first appeared in Thomas Harris' 1981 novel Red Dragon, in which he is characterized as not fitting any known psychological profile. Both the novel and Alfred Hitchcock's 1960 film adaptation were influences on the popular media portrayal of psychopaths.[14][15] Neither the book nor film elaborates on the term 'psycho', though it is commonly taken to refer to either psychotic or psychopath.
