Curtis Electronic Speed Controller Repair Service TaylorDunn Electronic Speed Controller Repair Service Yamaha Electronic Speed Controller Repair Service If you are unsure of the model of your golf cart, please call us at 8003281953. If you are unsure of the model of your golf cart, please call us at 8003281953. This information is available in a separate publication. Rather, they have them photocopied, especially with the older years. This is the only way we can obtain them. From 1967 until 1982 the gas engine changed very little but there were several variations to the electric models. In 1976, Harley introduced the DE40 36volt electric model. It was followed by the MGIV with a similar but different electrical system. The DE40 and the MGIV had a 8D prefix to their serial number string found on a plate at the very back of the driver seat attached to the frame. Around 1982 Harley became Columbia ParCar and the gas 2cycle engine had significant changes in the design. The Eagle model golf car and the Summit models both available in a 4passenger version featured seat belts, hydraulic brakes, turn signal indicators and other automotive accessories. These LSVs typically have 48volt drive systems and a 17digit vehicle ID number. If you want a Service Manual for these 48volt electric models order the manual for 2003 and up. It will come dated December 2007 but it is the only manual with the information about the brakes and electrical system. There is no information about gasoline vehicles in this manual.

I need a few replacement parts and was happy with my experience at the local dealer. Does anyone know where I can buy parts for a ParCar Golf Cart online so I can fix it myself. Manuals would be nice too if anyone knows where to find those. I haven't had any luck. The battery watering system has a real life time warranty. I had a manual. It had information like where the steering wheel was and how to make it go and stop. If you can you might want to repack the front wheel bearings since there can be a wearing problem. I used Mobile 1 synthetic grease. You can find the controller and motor online. I used my phone to take a picture of the nomenclature and then did an online search for the parts. If you hear squeaking from the rear of the cart you need to tighten the wheel hub nut. Buggies Unlimited forum has some useful info on par cars. The battery watering system has a real life time warranty. I had a manual. It had information like where the steering wheel was and how to make it go and stop. If you can you might want to repack the front wheel bearings since there can be a wearing problem. I used mobile 1 synthetic grease. You can find the controller and motor online. I used my phone to take a picture of the nomenclature and then did an online search for the parts. If you hear squeaking from the rear of the cart you need to tighten the wheel hub nut. Buggies unlimited forum has some useful info on par cars. I've seen those watering systems around. Where did you get it from They are also a dealer and locally owned, might be a source. Everyone has been so helpful. I appreciate it. I need a few replacement parts and was happy with my experience at the local dealer. Does anyone know where I can buy parts for a ParCar Golf Cart online so I can fix it myself. Manuals would be nice too if anyone knows where to find those. I haven't had any luck. Content, Design and Layout may not be reproduced This site is owned and operated by TalkofTheVillages.com and is not affiliated with the The Villages or The Villages development company. Pete has built a pretty extensive library of information for golf cart related stuff. Whether it is for a late model Club Car, Ezgo or Yamaha golf cart. Or a vintage cart like a Harley Davidson golf cart, or the Columbia Par Car Golf Cart he has you covered. Which are quite cool if you wanted to build a street racer. Golf cart repair or service instructions. Would like to have service manual. Cannot figure out how to order on your website. 48 volt. Another issue, sometimes when I plug in charger it will flash red then green. It never did this until I charged batteries and then used new hand pump hydrolink, to fill batteries. Would you have any idea why I don't know anything about golf carts. Something went wrong. View cart for details. All Rights Reserved.
